

CMHA NS would like to honour the life of R. F. "Rob" Neate and celebrate the tremendous impact he made on the mental health community of Nova Scotia. Rob was well known for his sense of humour, and his involvement with Affirmative Ventures a non-profit organization that assists those living with mental health issues along with other persons with disabilities achieve life long independence. Rob provided job coaching, peer support, delivery services for Common Values/Petstuff on the Go, and was responsible for superintendent and financial literacy facilitation within the organization. Rob will be dearly missed by all, and will be in the hearts of CMHA NS forever, never forgotten.
